## HOT CAMPAIGN ON IN NEW JERSEY

Taft, Roosevelt, La Follette,  
Wilson, Bombard State  
With Eloquence

### TAFT FORCES HIMSELF TO CONTINUE LOSING FIGHT

Roosevelt in Mellow Speech  
Won All Hearers Yesterday;  
Is Confident of State

TRENTON, May 24.—With Taft, Roosevelt, La Follette and Wilson all appealing for votes, New Jersey is seeing the warmest campaign in its history. La Follette made seven speeches today. Taft left Trenton at 8 o'clock this morning for a dozen speeches. He flayed Roosevelt unmercifully here but paid no heed to La Follette. Roosevelt made three speeches today. He will speak here tonight.

### TAFT LISTLESS IN SPEECH

PHILIPSBURG, N. J., May 24.—Speaking listlessly and in sharp contrast to his belligerent attitude in Ohio, President Taft today addressed a large audience here. The President spoke in a conversational tone and refrained from attacks upon Roosevelt.

### NEW JERSEY FAIRLY ACTIVE WITH REAL

#### T. R. ENTHUSIASM

NEWARK, N. J., May 24.—Newark took up the enthusiasm that has been rolling with Theodore Roosevelt in his western tour, when yesterday he opened his fight to win the state in a flying automobile dash through territory containing more than half the population of the state. The colonel's Jersey campaign opened with a boom at Paterson at noon, when a throng of mill workers and laboring men roared for him in the armory. At night a rollicking, merry-making, happy crowd of Roosevelt followers gathered at the Essex Troop Armory and fairly sized with life and red-hot enthusiasm for the colonel.

#### T. R. in Cheerful Mood

The colonel was in mellow mood. It was a charitable, kindly spirit that moved in him all day. Hardly a flash of the bitterness and hammering pugacity of the Massachusetts and Ohio campaign was seen. He hardly mentioned President Taft during the day. He hardly mentioned the fight he was making in his hard and personal features. What Colonel Roosevelt centered on yesterday was broad ideas and principles, the fundamentals he called them, of the purpose he declared he has set himself to, of securing equal opportunity and social and industrial justice for the masses. To his big crowd he appealed by talking of real popular rule for them in government, the breaking of the bosses and political machines and in social conditions, the betterment of their life by opening greater opportunities secured through regulation, not destruction of big business, and by amendment of the tariff to secure the "benefits of protection going into the pay envelope, not stopping in the office."

Golden Rule Doctrine Preached  
Then to the well-to-do, who predominated in his audiences in Passaic, Hackensack and the pleasant green Jersey suburbs he flew through in his automobile, he preached the golden rule, altruism, helping the other fellow not so well off—specifically by the elimination of such conditions in the handling of big business that are responsible, he declared, for the growing feeling of unrest, discontent, rancor and class hatred, that he told these crowds they would hand down as a curse upon their children if they did not remove them now.

OPENING DANCE  
A Grand Opening Dance will be held in Campbell's new hall in Orange next Friday night, May 31st, with excellent music by a six-piece \$1.00.

### HAWAII SHAKEN BY QUAKE--MAUNA LOA IS SMOKING

HONOLULU, May 24.—The island of Hawaii was shaken Wednesday night by the severest earthquake experienced in years. Wireless advices report Mauna Loa smoking. Seismologist Ferret predicted an eruption for June.

## Pasadena Wages a Bitter Liquor Fight at Polls

PASADENA, May 24.—Pasadena is today voting on eleven amendments to the city charter, the principal amendment being two alternative liquor clauses, one for absolute prohibition, the other permitting the sale of liquor at hotels during meal hours. The heaviest vote in the city's history is being brought out. The liquor fight is bitter.

Other amendments include commission form of government and direct primaries for the city.

### Bulletins of News

Hot from the wire up to 8:30 p. m.

### THE WEATHER

Fair tonight and Saturday;  
light northwest wind.

### Wilbur Wright's Condition Slightly Better

DAYTON, Ohio, May 24.—A slight improvement in the condition of Wilbur Wright, who is suffering from typhoid fever, took place this morning. The crisis is expected today.

### American to Die in Mexico for Murder of Compadre

MEXICO CITY, May 24.—Lawrence L. O'Brien was yesterday sentenced to death for the murder of a year ago of Dr. Hall P. Clark, an American dentist. The murder was the outcome of a quarrel between the two men in the dentist's office. Both men had lived here for several years.

### Dr. Clark was a native of Cairo, Ill., and was a graduate of the Chicago College of Physicians and Surgeons.

### No Amusement Pass Measure Favorable for L. A. Council

LOS ANGELES, May 24.—The legislative committee yesterday recommended the passage by the City Council of the anti-pass ordinance forbidding any employee of the city to accept a pass to any circus, baseball or football game, prize fight, theater or other place of amusement.

### Chas. M. Schwab Saves Friend From Drowning

SOUTH BEHLEHEM, Pa., May 24.—Charles M. Schwab yesterday became a candidate for a Carnegie medal when he rescued J. C. Kirchner from drowning in a deep pool in Martin's Creek. The two men were fishing.

### Lehigh Valley R. R. May Open Office in Los Angeles

LOS ANGELES, May 24.—A. B. Hill, general agent, passenger department of the Lehigh Valley Railroad, with headquarters at Chicago, is in Los Angeles to inspect the city as a traffic center and report on the advisability of establishing a freight and passenger office here.

### Harry Thaw's Application For Re-Trial Denied Today

WHITE PLAINS, N. Y., May 24.—A jury trial for Harry Thaw in appeal for a release from Matteawan asylum was denied today by Justice Keogh.

### Tom Lawson Would Succeed Senator Crane

BOSTON, May 24.—Thomas W. Lawson has announced his candidacy for the U. S. senate to succeed Senator Crane, who will not seek re-election.

### Palace For Congressmen Pepe Draws Plans For Building

ROME, May 24.—The pope has instructed Architect Schneider to draw plans for the palace for the holding of conclaves on the site of the old papal mint, adjoining the Sistine palace.

### Congressman Lindbergh Wants Nelson's Senatorial Toga

WASHINGTON, May 24.—Congressman Lindbergh today announced his candidacy to succeed Senator Knud Nelson of Minnesota, whose term will expire March 3 next.

### Wife of Borax King Smith is Near Death

OAKLAND, May 24.—Mrs. Evelyn Smith, wife of E. M. Smith, the borax king, is near death in a hospital here following an operation for appendicitis.

### Rev. Leete Chosen As Sixth Bishop by Methodists

MINNEAPOLIS, May 24.—Rev. F. D. Leete of Detroit, was elected bishop on the twenty-third ballot by the General Methodist Conference. He is the sixth bishop to be chosen.

### Rev. R. J. Cook, New York City, was today elected the seventh Meth- odist bishop on the twenty-fourth ballot. This leaves but one bishop yet to be chosen.

### BISHOP NEELEY PROTESTS AGAINST RETIREMENT

Bishop Neely, recently retired by the general conference, addressed the conference today alleging that political machinations and secret procedure were used against him, and that the conference was misinformed regarding him. Bishop Neely reviewed his career, citing sacrifices for the church. It is believed the consider may reconsider the retiring vote.

Dr. Reister & Paul, dentists, over  
Farmer & Merchants Bank.

## INTERVENTION OF U. S. NEEDED IN CUBA

Revolt Situation Acute and  
Cuban Government Seems  
Weak-Kneed

### NEGROES HAVE BROUGHT ABOUT REIGN OF TERROR

Burn, Loot and Mistreat Wom-  
en and Children—No Quar-  
ter For the Rebels

HAVANA, May 24.—Dispatches today describe the new raids of the negro rebels in Santiago province along the Bayamo railroad. The situation is acute, and the belief is growing that the government will be unable to control the uprising without American intervention.

The British cruiser Melpomene has arrived at Guantanamo to protect British lives and property.

Reports state that hundreds of homes have been looted, and women and children mistreated. All the sugar mills of the Santiago province are closed. General Mendia, commanding the federals at Santiago, has received orders to show the rebels no quarter.

### Reign of Terror

Three hundred armed negroes are reported to have mobilized at Matanzas. Government troops are rushing to the scene. The negroes are reported as burning, looting, and raping throughout the Matanzas section.

President Gomez has notified the State Department that he has sent 2000 troops to the Province of Oriente with instructions to crush the rebellion at any cost.

### Government Was Slow

With the ranks of the rebels swelling hourly, the situation is desperate.

The government only yesterday began the recruiting of volunteers for duty against the rebels.

The cruiser Patria was started for the Province of Oriente, carrying 400 troops.

Havana was disturbed last night by a report that an uprising of blacks had occurred at Santiago de las Vegas, fifteen miles from here.

## ROYAL ROMANCE TURNS OUT WELL

Archduke Ferdinand Pardoned  
For Love Match and is  
Restored to Rank

VIENNA, May 24.—The Archduke Ferdinand, Charles, who renounced his rank and titles two years ago in order to marry the beautiful Bertha Chabur, a daughter of a professor, and in order to do so assumed the name of Charles Burg, has been pardoned and reinstated to his rank. His wife will receive the title of countess.

It is generally believed that the archduke was secretly married to Fraulein Chabur as long ago as 1904, but the formal announcement was made only two years ago.

The archduke was especially interested in engineering. He met his wife at the technical school, where her father was a professor. The girl was sixteen when he met her, but the youth between whom and the throne there are only three lives immediately fell in love with her and gave up everything for her sake.

## ROYALTY, NOBLES AND NOTABLES OF WORLD AT FUNERAL

COPENHAGEN, May 24.—Seven royal palaces and five of the biggest hotels in the city is crowded with monarchs, princes, dukes and governmental and military deputations from every part of the world, here to attend the funeral of the late King Frederick today.

One great political event will mark this gathering of royalty. Among the five kings present will be Gustav of Sweden and Haakon of Norway, who will shake hands for the first time since the Scandinavian dissolution of 1905.

### FIRE OUT QUICKLY

This afternoon fire in a shed at 616 West Fifth caused an alarm of fire. The flames were out before the firemen arrived.

## INCREASE TIME OF THE STAY HERE

Some Concessions to be Made  
as Result of Conference  
Held Yesterday

### NO REDUCTION OF FARE POSSIBLE

Depot, Crossings, Signals and  
Route to Orange and Trol-  
ley Trip Discussed

D. W. Pontius, general traffic agent of the Pacific Electric, was here yesterday and held a conference with N. A. Uim, secretary of the Merchants & Manufacturers' Association, Frank E. Ey, president of the Board of City Trustees, and L. L. Shaw, a committeeman of the Chamber of Commerce.

The result of the conference was the assurance that a number of things wanted by Santa Ana would be done, and the plain showing of the traffic manager that Santa Ana cannot now expect a reduced roundtrip was taken as proving that the Pacific Electric is giving Santa Ana the fairest kind of a deal on fares.

Pontius is a courteous gentleman, and he impressed the committeemen with his fairness and desire to accommodate Santa Ana in every way possible.

Pontius stated that the Pacific Electric has provided for the completion of the double track from Buaro to Benedict in this year's budget, and if that budget is allowed that work will be done as soon as possible.

The assurance was given that warning signals will be established at the First street and Chestnut avenue crossings. Pontius said that if the apparatus is not already on hand that it will soon be available for installation at those crossings.

The request that a longer period of time be given the excursionists of the Triangle Trolley Trip was met with favor. The explanation of the hurry and scurry that results from the short stay of the tourists here was entirely convincing. Pontius said that the schedule would be adjusted in such a manner that the twenty minute stay here would be increased materially.

The request that the Pacific Electric establish a depot in Santa Ana was talked over. Pontius stated that it was his opinion that the property of the P. E. at the corner of East Fourth and Main streets was too far from the center of the city to be convenient place for a depot, and at the present time the P. E. has no other close-in property suitable for the erection of a depot. That is a matter that will be given the best attention.

### Matter of Fares

Many local people have felt that the P. E. ought to give a seventy-five cent round trip rate from Santa Ana to Los Angeles. Pontius showed that in comparison to the distances from Los Angeles and the rates given other towns of Southern California, Santa Ana has as low rate as any, except Huntington Beach and Newport Beach, which line is being operated at a loss because of the fact that for a part of the week the traffic is very light. That statement of the traffic manager showed that the P. E. has not discriminated against Santa Ana in that matter.

Out North Main  
The positive assurance was given that the Pacific Electric line from Santa Ana to Orange will go out North Main street.

### TITANIC REPORT TO BE READ TUESDAY

WASHINGTON, May 24.—Delay in the printing work by the government printing bureau has caused the postponement of the presentation of the findings of the Senate Committee investigating the Titanic disaster. Probably the findings will be read in the Senate Tuesday.

Chairman William Alden Smith seized the opportunity by rushing to Philadelphia to secure the testimony of Mrs. George B. Widener, a passenger, which will be included.

### HALF MILLION ASKED TO CRUSH BUBONIC PLAGUE

WASHINGTON, May 24.—The Marine Hospital has asked Congress to appropriate \$500,000 to finance a campaign to stamp out the bubonic plague among squirrels and other ground animals of California. If the appropriation is made, a fight will be waged in every section of the state.

### 100,000 MEN WILL BE PUT OUT OF WORK BY STRIKE

LONDON, May 24.—The decision of the National Transport Federation to call out all their members last night as a direct result of the strike of the Thames lightermen will have the effect of holding up much trade throughout the country and will throw 100,000 men out of employment.

## I. W. W. SITUATION UP TO ATTY. GEN. WEBB

Wilson Repeats Story of Plot  
to Assassinate Officials—  
Browne Backs Him

### STATE'S LEGAL HEAD IS AT SAN DIEGO

Court Scene Enlivened by the  
I. W. W. Attorney; 1000 Chase  
Man Who Insults Flag

LOS ANGELES, May 24.—Attorney General Webb passed through Los Angeles today en route to San Diego, where he will investigate the Industrialists' activities. He is under orders from Governor Johnston. He said: "The probe will be thorough, fair, just and impartial. Both sides will be given an opportunity to talk. I expect to begin work immediately upon my arrival. I cannot speak further in regard to my plans."

### BROWNE SAYS STARTLING DEVELOPMENTS MAY COME

LOS ANGELES, May 24.—Detective Samuel Browne, a special investigator for the district attorney, stated his belief that the alleged plot to assassinate San Diego officials was founded on Browne's working with the federal officers who are conducting a grand jury investigation of the Industrialists' activities. He intimated that he is following two clues which may have startling results. He declared this afternoon that he found a bomb in a vacant house here. He says he has a certain presentiment of anarchistic tendencies under surveillance. The probe was resumed at 2 o'clock this afternoon.

### CHIEF WILSON REITERATES ASSASSINATION CHARGE

SAN DIEGO, May 24.—Chief of Police Wilson today reiterated his charge that six men sent here from Los Angeles tried to assassinate him, Mayor Wadham and Supt. of Police Echon. Commenting on Wilson's story, Fred Moore, counsel for the Industrialists, said: "Wilson's story is on its face absolutely ridiculous. If he has such knowledge he has been derelict in his duty."

### I. W. W. ATTORNEY MOORE TODAY ENLIV- ENED COURT PROCEEDINGS

SAN DIEGO, May 24.—The court proceedings in the contempt trial of J. M. Porter, alleged to be a member of the "Citizens Committee" were enlivened today by an unexpected turn when F. C. Spalding, president of the Chamber of Commerce, left the witness stand. Attorney Moore, for the Industrialists, wheeled toward the audience and pointing to E. R. Hughey, cried: "We'll now call the fourth man from the rail. I don't know his name."

Hughey, who is a carpenter and was formerly employed by Porter, was subjected to a grilling on the stand, Moore endeavoring to prove him to be a member of the committee. Hughey admitted being present when the crowd surrounded the Industrialists' attorneys near the city jail Saturday, but denied Moore's questioning along the lines of the committee's activities. Hughey was sustained by the bench, which ruled that it had no bearing on the contempt charges. Hughey, like Spalding, was excused with the understanding that he might be recalled if the contempt charge was proved, and the investigation continued.

### BUDAPEST RIOT CONTINUED TODAY

BUDAPEST, May 24.—Yesterday's rioting continued today, although it was partially controlled as a result of the concessions by the Tisza party. Mobs still are parading the streets, and frequently there is a clashing of police and soldiery.

At several factories it was attempted to lock out the employees this morning. Tradesmen there raided these plants and smashed the machinery. A score were wounded.

## COMMITTEE FROM HIGH SCHOOL TO PROBE FULLERTON CHARGES

At a meeting of the Board of Control of the High School last night a committee was appointed to make an investigation of the charges made against Santa Ana High School boys by Principal Brunton, of Fullerton, following the recent championship baseball game in this city. The committee is composed of Principal Bartlett, Coach Ratcliffe, Stewart Smith, president of the student body, and Marvin Morrison, manager of the baseball team. The committee will go to Fullerton tomorrow morning for a meeting with Prof. Brunton, when the whole matter will be gone into.

It is unfortunate that members of the high school should have been involved in an incident in which a crime is alleged to have been committed, but both faculty and students of the school feel that it has been fairly dealt with in this case. The charges of Prof. Brunton, so far as can be learned, were accompanied by no evidence to indicate that any of the student body were directly involved in the occurrences connected with the disappearance of the clothes and money. Principal Bartlett has been making such investigation as is possible at this end, and all evidence is the effect that most of the mischief done was by outsiders, not connected with any school, while there is no evidence so far against any of the high school boys.

The general conduct of the high school boys during athletic and other contests this year is said to have been better than ever before in the history of the body, and it has a standing in that respect equal to that of any school in the county. The stigma of the recent charges is therefore keenly felt, and every effort will be made to probe them to the bottom.

## REBELS WERE ROUTED IN BATTLE

Orozco Wounded in Conflict  
But Prepares For Yet Another  
Battle With Federals

### FEDERAL FORCES TOOK RELLANO LATE YESTERDAY

Pursued the Retreating Rebels  
With Merciless Fire—Ma-  
dero is Jubilant Today

EL PASO, May 24.—Suffering from a painful wound in the leg, General Orozco is personally leading the remnants of his defeated rebels to Jimenez, where they will make a final stand. Orozco was wounded when an exploding shell killed one of his staff officers beside him. Although Orozco is censoring all news, it is reported here that the rebels lost hundreds of men. The federal loss was 200 in the battle at Rellano, where they were victorious over the rebel forces yesterday.

Rellano, the stronghold of the rebel army, fell into the hands of the federal army, and the rebels were driven back in confusion fourteen miles to Corralitos. The federal forces followed up the tremendous advantage gained and poured a merciless artillery fire into the organized ranks of the rebels in their new positions.

### MADERO IS JUBILANT OVER RELLANO VICTORY—

PREDICTS END OF WAR  
MEXICO CITY, May 24.—Jubilant over the federal victory at Rellano, Madero today predicted an early end of the revolution. He said: "My soldiers know my gratitude is greater than I can express. I expect peace soon."

### RING LEADERS IN PLOT TO CAPTURE SONORA CITIES, HELD IN PEN

NOGALES, May 24.—Five of the alleged ring leaders in the alleged plot to seize several northern Sonora towns for the rebels have been sent to the Hermosillo penitentiary to await further probe. The list included Lieut. Col. Reyres, ex-commandant of the Nogales Mexican garrison, and a member of the Sonora Congress named Gonzalez. Fourteen others are jailed at Magdalena. The probe is continuing.

## EPISCOPALIANS TO KEEP CHURCH NAME

Convention Decided on Jubilee  
Anniversary at Los An-  
geles in 1915

LOS ANGELES, May 24.—A spirit of optimism was apparent in the closing sessions of the seventeenth annual convention of the Protestant Episcopal diocese of Los Angeles yesterday. The chief matters of business were the balloting on the resolution to change the name, first to the Episcopal Church, and later to the American Church, both of which were lost; the adoption of a canon which created the Sunday school institute as a religious board of education under the direction of the convention; resolutions urging the furtherance of better divorce laws, and a resolution suggesting that the church obtain property in new subdivisions to prepare for enlarged church work on the opening of the Panama canal.

### Church to Celebrate in 1915

It was decided to make the fiftieth anniversary of the establishment of the Episcopal Church in Los Angeles a jubilee year in 1915. That also will be the twentieth anniversary of the diocese. The diocese will raise a special jubilee fund of \$50,000, to be divided between the episcopate fund and church extension.

The closing event of the convention week will be the joint meeting to be held by the Daughters of the King and the Brotherhood of St. Andrew this evening in St. Paul's pro-cathedral.

### METHODISTS ELECT F. J. MC CONNELL FIFTH NEW BISHOP

MINNEAPOLIS, May 24.—Francis J. McConnell, president of Duffryn University, Greenacres, is the fifth bishop to be elected at the present session of the general conference of the Methodist Episcopal Church.

He was elected last night on the twenty-third ballot, a vote of 148.

## CURB TO CURB PAVING PLANS

City Trustees of Fullerton Are  
Proposing Additional  
Improvements

Fullerton Tribune.—Curb to curb paving in the business section will be taken up by the city trustees and an effort will be made to have a majority of the property on Spadra from the Santa Fe tracks to Wilshire avenue and two blocks on Commonwealth signed up in time to join up with the good roads work.

The good roads commission met with the city trustees Monday night. The commission reported that it had decided to let the contract for five miles of the road work as soon as possible. The first work will be done on the Whittier road from Chapman or Wilshire to the northern city limits, and on Chapman avenue from Spadra to the eastern city limits.

A stretch of road from the Santa Fe tracks south to the city limits on Spadra will also be included in his contract. The building of the bridges on these roads will be undertaken first and hurried to completion.

Unless the work is promptly started and preliminaries despatched with decision the road work will be delayed into the rainy period of the year. The trustees are exceedingly anxious for the work to proceed as soon as practical.

Engineers state that oil macadam is a term which will cover an asphalt type of road, so that if so desired the money to be expended in the business section can be used to build an asphalt concrete, an approved construction for business streets. The property owners are expected to join enthusiastically in the curb to curb paving in the business portion. A number equal to a majority of the

frontage have signed their willingness to pay their pro rata of the cost. The trustees and the road commission went out Tuesday to locate the roadbed on East Chapman. The roadbed is over four feet off center. The city engaged the Pacific Decorating Company to decorate the streets for the carnival this week. P. A. Schumacher has been re-appointed city building superintendent, abeyance till the question of the water-works is disposed of. The present system is inadequate and a greater supply of water must be secured.

### AMUSEMENTS

#### "THE BARRIER"

Latest Play in Alaska—Alaska, the new El Dorado, is the scene chosen by Rex Beach for his great drama, "The Barrier," which comes to the Grand Opera House on Saturday, May 25 for one performance only.

This stage success is not, however, the popular conception of Alaska, a place of eternal snow, but the beautiful northland in summer, where the day never ends, and everything suggests the warmth of springtime in this home of the midnight sun.

The book has had an enormous sale, and the story in play form held the metropolitan audience of New York for one entire season. Owing to the theatrical war which has raged for some time, the original tour to the Pacific Coast was canceled, but now that peace has been declared, Klaw & Erlanger's New Amsterdam Theater success will make its original transcontinental tour, appearing here on Saturday, May 25.

#### WICKERSHAM SAYS CHAPLINS MUST SERVE JAIL TERM

LOS ANGELES, May 24.—Frank Chaplin and David Chaplin, brothers, convicted of land frauds in the Imperial Valley through the use of dummy entries, will serve their terms of nine months in jail as fixed by the United States District Court February 21, 1910, in the Solano county jail if the request of Attorney General Wickersham is carried out.

## GRADUATES OF THE U. OF C.

This Month Sees Another Class  
go Forth From State Educational Institution

May 24—Degrees to the number of 679 were conferred by the University of California at the 1912 commencement, as compared with 540 degrees a year ago. The "graduating class," or recipients of bachelor's degrees, numbered 479, as compared with 382 in 1911. Among the graduates were 38 from the four-year course in the College of Agriculture, 19 from the College of Commerce, 27 in mining, 37 in mechanics, 31 in civil engineering, 10 in chemistry, 127 in natural sciences, 33 in letters (which implies the study of Greek), and 137 in social sciences. The total registration for the year, excluding duplicators and audites, was 6390.

The honorary degree of doctor of laws was conferred on two distinguished sons of the University—Sidney E. Mezes, '84, philosopher, and president of the University of Texas, and Edmund Clark Sanford, '83, the psychologist, president of Clark College. It was conferred, also, on the eminent astronomer, Dr. George E. Hale, formerly director of the Yerkes Observatory of the University of Chicago, and now director of the solar research observatory built on Mount Wilson by the Carnegie Institute. Dr. Hale has shown that sun-spots are vortices, investigated the magnetic phenomena connected with them, and otherwise advanced knowledge of the nature of the sun.

The 6000 people assembled in the open-air Greek Theater for commencement to their feet as a spontaneous salute of honor when Horace Davis came forward to receive his L.L.D. Born in 1831 in Massachusetts, graduate of Harvard, long president of the trustees of Stanford University, formerly president of the University of California, for six years a leading figure in manufacturing, commerce, and the political, social and intellectual life of California, author of books on the mines. The medal was the first from the Shakespeare, and on constitutional history. Mr. Davis is a very special link between Town and Gown.

The University medal, awarded yearly to the most distinguished student in the graduating class, was given to Lester Seward Ready, from Ventura, of the College of Mechanics. The medal was the first from the beautiful new design by Roger Noble Burnham of Massachusetts, winner in the recent national competition for a new design for the University medal. The winners of the University medal are shown by the records to have distinctly a better chance of success in the careers they follow than the graduates of less attainments in undergraduate scholarship.

Among the University medalists since 1871, when the medal was first conferred, have been Dr. Herbert C. Moffitt, '89, one of the most eminent consulting physicians in the country, recently appointed Dean of the Medical Department; Max Thelen, '04, a member of the Railroad Commission of California, and author of the act which vested the commission with vast powers of regulation over public service corporations in California; Orrin K. McMurray, '90, professor of law in the University of California; Wesley N. Hohfeld, '01, professor of law at Stanford; Frank Otis, '73, attorney, who as a member of the legislature, wrote the bill which put an end to race-track gambling in California; Miss Katherine C. Felton, '90, secretary of the Associated Charities of San Francisco, and a potent force in social betterment work; James D. Mortimer, '00, general manager of the street railway system in St. Louis; Reverend Charles A. Ramm, secretary of the Catholic Arch-diocese of San Francisco, and recently appointed a regent of the University of California; Fremont Morse, '79, at the head of the Pacific Coast work of the United States Coast and Geodetic Survey; Dwight B. Huntley, '75,

Charles Bevis, Prop.  
Opp. Postoffice.

who introduced into South Africa improved new American methods in mining engineering; and Bernard A. Etcheverry, '02, head of the Department of Irrigation at the University of California. Among other winners of the medal are men who have achieved honorable careers as engineers, attorneys, physicians and merchants. Of the 45 times the University medal has been given it has been awarded on eight occasions to women. Of these eight, three are now teachers, one a journalist, two in social service work, one an active leader in civic improvement matters, and one is married, and one is about to be.

Formal teaching work at the University of California is now practically all suspended until the six-weeks' Summer Session begins on June 24. On May 2, however, the anatomical laboratories will be opened for a twelve weeks' course for the medical students. The University library, with 300,000 volumes, is open daily, except Saturday and Sunday, throughout the summer, and all comers are welcome to use it. The summer is a time of much activity for the members of the faculty, in carrying on experimental work, visiting other universities, libraries and museums, or going on scientific expeditions. Full activity continues on the part of the Agricultural Experiment Station, the Riverside Citrus Experimental Station, the Imperial Valley Desert Experiment Station, etc. Full activity continues, too, at the Lick Observatory, on Mount Hamilton, where recently Director W. W. Campbell announced the memorable discovery that the older stars move much more swiftly through the heavens than the younger stars, and at the Scripps Institution for Biological Research, at San Diego, where visiting biologists from other universities will participate in the deep-sea dredging and the study of the inexhaustible problems of the multifarious life of the ocean.

**PROGRESSIVE FIRM,  
THE REXALL, INSTALLS  
UNIQUE NEW SIGN**

Wheeler & Mateer, the Rexall drug-dis, have just had placed in front of their store, 104 West Fourth, a new sign which is decidedly ornamental as well as serviceable. The letters are fashioned after this firm's own style, carrying out their name as a trade mark and are of raised gold on black and blue enameled background. The sign should be seen to be appreciated, especially since it is entirely different from any other in Santa Ana. The sign was made under the direction of Mr. W. C. Cunningham and speaks well of his ability and of Wheeler & Mateer's progressiveness.

## The Choicest of the Season's Fashions In ladies' wearing apparel are now on exhibition.

Suits and Coats, assured styles. The best of the season's ideas in trimmings and colors. From \$14.00 to \$27.50.

## ARE AWAITING THE RESULTS

Keen Interest Among Oil Men  
on Outcome of Drilling in  
Fullerton Field

Los Angeles Times:—Results in the oil fields of the northwest part of Orange County in wells that are now being drilled will have a far-reaching influence among oil well operators. In consequence everywhere in these fields daily progress is being keenly watched, and many are eagerly awaiting the outcome of new wells on a half-dozen or more properties.

Success here will mean the beginning of work on a number of leases held by companies now operating in the fields, and by a few who have been holding back in order to let their neighbors prove their ground more or less.

Aside from a drilling well of the Standard on the Stern and Goodman lease on the extreme south of the central part of the Valley field, a number of wells are getting down toward the probable oil sand strata. The Industrial, Amalgamated, Union and Murphy are exploring new ground.

Latest advices from the Fullerton field are that the McAnders Oil Company is just completing a rig, and that drilling will begin early next month. This well will be drilled on section 24, in ground considered exceptionally choice, as it adjoins the Union's property there. It also adjoins the Standard property, and is near the Amalgamated wells.

The Petroleum has finished the rig for its well No. 2 and will begin drilling in a day or two. This well is located in section 24. The oil pipe line of the Anaheim Union Water Company running from the Amalgamated wells traverses the property of the McAnders people, who are almost ready to begin drilling operations.

**INJURED BALL PLAYER RECOVERING RAPIDLY**  
Walter Walbridge, who was severely injured by being struck on the head with a baseball during a game last Sunday afternoon, is reported to be doing well at the Santa Ana Hospital, and his rapid recovery is now thought to be assured.

## S. P. BLOCKED ENTERPRISE

Capt. Dollar Tells Senators  
How Steamship Line to Ori-  
ent Was Halted by Road

BY E. A. DICKSON  
(Staff Correspondent of The Tribune  
at Washington)

WASHINGTON, May 24.—How the establishment of a steamship line between Los Angeles and the Orient was blocked by the Senate Committee on Inter-oceanic Canals yesterday.

Jealousy of the growing importance of Los Angeles as a shipping center and anxiety to keep the oriental freight business at San Francisco were assigned as the reasons for the act.

This interesting bit of recent commercial history was given by Captain Robert Dollar of the Dollar line of steamers, who appeared before the committee in connection with the hearing on Panama canal legislation. Several years ago, according to Captain Dollar's story to the committee, he planned to put on a line of boats between Los Angeles harbor and the Orient, and entered into negotiations with the Salt Lake Railroad for the development of oriental freight business at San Pedro. The Salt Lake was to gather up all the business it could and concentrate it at San Pedro, and the Dollar steamship line was to develop the oriental trade and divert it to San Pedro for transcontinental transportation.

Harriman "Veto" Project  
After all the details had been worked out, said Captain Dollar, he was told it would be necessary to submit the proposition to Mr. Harriman, then head of the Southern Pacific system. The plans were submitted to the Southern Pacific head and nothing more was heard of it. He executed a "pocket veto." The project soon after was abandoned.

Another interesting phase of Captain Dollar's testimony before the committee related to the cost of the construction of ships on the Pacific coast and in Europe.

He told of one boat that he had built at Glasgow at a cost of \$208,000. The length of this vessel was 423 feet.

"Later," said Captain Dollar, "we ordered a ship built at the Los Angeles yards. This boat was only 216 feet, and we could ram her into the hold of the Glasgow-built ship. Yet it cost us \$200,000."

He also told of a boat that he had built at Seattle, for which he paid \$220,000. He sent plans and specifications to England and found that he could have had it constructed for \$97,000.

He insisted, however, that any transcontinental railroad that puts on a line of steamers to parallel its railroad lines has an ulterior motive.

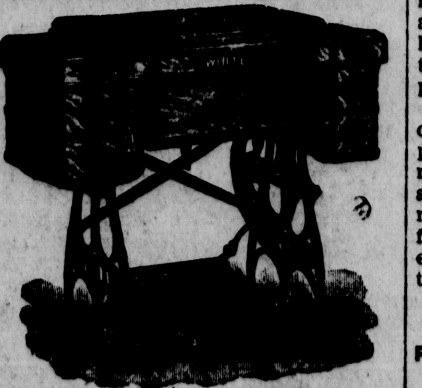

He declared that if the Pacific Mail Steamship Company and the American-Hawaiian line were to enter into a combination and were allowed the use of the canal they would drive independent steamship companies from the coastwise traffic.

Dollar criticized severely the United States laws regarding shipping, declaring that they are far too rigid.

**EXTRA CARS WILL  
RUN NEXT SUNDAY**

Agent Battey of the Pacific Electric has received word from D. W. Pontius, general traffic agent of the P. E., to the effect that extra car service will be provided Sunday to Newport Beach and Balboa, on account of Martin's flying. An extra train will leave over the P. E. at 12:45 o'clock.

## TO DISCOURAGE SHOOTING ON ROADS

The gun clubs having preserves in the lowlands to the southwest are engaged in a concerted campaign which, it is hoped, will largely reduce the number of "road shooters" visiting that section in future. A half dozen or more of the clubs, all in the same section, are now having "hog-wire" fences erected around their properties, which are guaranteed to be hog-tight and man-tight. These fences will not, of course, prevent shooting among the roads but it is figured that the hunters will have small chance to get such ducks as they may kill, for the reason that the dead birds in most cases fall within the preserve lines. It will be impossible to get over or under the fences, and the only way to get a bird falling inside the lines would be to cut the fences with pliers, not a likely proceeding.

It is said that the clubs have little objection to the Orange county people who occasionally shoot on the roads, but feel impelled to discourage the growing disposition of the riff-raff to make the section a resort for carousal. There will be seven or eight miles of the wire fencing when the present work is completed.

**STATE AND CHURCH PART**  
Portugal Decides to Abolish the Legation at Vatican as the Sequel to Law  
LISBON, May 24.—The chamber of deputies, by a vote of fifty against forty-five, decided yesterday to abolish the Portuguese legation at the Vatican. This is a sequel to the law for the separation of church and state decreed by the government in April last year.

REV. L. H. KOEPEL

## REV. KOEPEL TO GIVE ADDRESSES

"Comparative Religions" is to be Subject of Series of Sermons Here

The Rev. L. H. Koepsel has consented to give a series of addresses upon "Comparative Religions." That is, those religions which are alive to the present. He comes fully prepared to speak authoritatively, since he gained his knowledge at first hand in India and China, while connected with Calcutta and the Anglo-Chinese colleges. These discourses have been given in many prominent places in the East and always with uniform in-

terest. They are commended by educators and ministers of all churches. "If you want to know the truth of Living Religions" aside from Christianity, you will avail yourself of the opportunity to attend these meetings. They will be given in the Unitarian Church, Sunday evening at 7:30 the first of the series will be delivered. Subject—The Oldest Religion, Brahmanism. Mr. Koepsel was formerly editor of Christian Endeavor publications having international circulations. He is likewise an author of note. As an educator, lecturer and preacher he is well known in the East. You are thus assured instruction and entertainment.

## AUTO STOLEN ON SAN DIEGO STREET

Huntington Beach News: While at San Diego, where he had gone with a party of friends in his automobile on Thursday night of last week, P. W. Halliey, agriculturalist of the Holy Sugar Company of this city, had the machine stolen and no trace of it has yet been found, although the police of San Diego have not given up the search for the machine or the thieves. Mr. Halliey, with his wife and a friend and his wife, left the auto standing on one of the principal streets of San Diego while they strolled about and upon their return to the place where it had been left, found no trace of it. The wraps of the ladies which had been left in the machine, were afterwards found by the police, where they had been thrown out, a short distance from where the auto had been stolen.

Just in, several dozen of the latest things in Bungalow Nets—a handsome line to choose from—at Chandlers, 510-512 North Main St.

## COMMENCEMENT TIME

Commencement season in the high school league has opened and the "sweet girl graduate" is battling in the 1,000 column. Of course there are a few boys in the high school league but their battling average seems to be somewhere around the .137 mark.

Commencement was not originated by the dressmakers or the milliners—as some cynical people have professed to believe—no more than Easter was invented by the same classes. Commencement and class day gowns are only an incident, a big incident to be sure, of the graduation season. The sheepskin's the thing; ask any professor and he will tell you it is.

Along about now lectures are in demand. They fill the place of umpires in the high school league. No one really likes them and the class members feel that they are an imposition, but custom has decreed that these lectures must be undergone. They fall into the necessary evil class, along with the umpires of which we spoke before.

Time was when there was no commencement night lectures. To their rise must be attributed the over-emphasized importance of the sweet girl graduate. In the old days when the class gave its own commencement program, ambitious young men delivered epoch-making orations about crossing the Rubicon and "beyond the hills lies Rome." Now the youthful orator has subsided behind a few hundred yards of lace and ruffles and the sweet girl reigns supreme.

So, on with the game. It's one, two, three strikes and you're out in the cold, cold world with the future ahead of you and the problem of a meal ticket to be solved. However, there is always an admiring crowd in the bleachers at commencement time.

Some of the sweet girl graduates, yes and the boys, will go on up to the major leagues—the colleges and universities.

## CRANE

Fresno Republican: Now that the people are taking a hand in the ruling of this nation instead of leaving it entirely in the hands of professional politicians, it is hard to keep up with the number of changes that are occurring daily. Hardly less significant, although not so sensational, as the result of the primary election yesterday in Ohio, is the announcement of Murray Crane, junior senator from Massachusetts, that he does not care to seek re-election, and gives way to candidates who are courageous enough to stand for the office in a direct primary.

Crane is very frank about the matter. He does not find that his health is failing, or that his business interests will no longer permit him to hold office. He simply says that he had decided not to seek re-election, and that he makes the announcement now in order that other candidates may begin their canvass in time for the fall elections. Presumably he has picked out some one whom he hopes to see elected in his place. But the main thing is that he recognizes that he himself is no longer available under such a direct primary system as is about to be inaugurated in Massachusetts.

In the ordinary course of events, Crane would probably continue in the Senate for the rest of his life. Under the old system, New England has been in the habit of returning its representatives to congress term after term, until they were incapacitated by old age. Crane is a chronic office holder, having been governor of Massachusetts for several years before he sought to enter the senate. He is still a young man, and a man with a powerful hold upon the machinery of his party. His quitting now is not on account of personal inclination, but because he recognizes that the times are no longer for such as he, especially for men who have shown such personal indifference to the demands of the people in political affairs.

Crane has made himself almost the personification of the politician who wins by intrigue rather than by appeal to the people. He wins office not in the hustings, but in the darkened back room. He is an authority in weighing "influences," and in finding how elections can be won by indirect efforts rather than by direct appeal. In a recent publication he is spoken of as the successor to Senator Nelson W. Aldrich as "general manager of the United States for the interests."

While but one of the class of Penrose, Lorimer, Crane, Barnes and the like who have been denounced by

## Our Washington Letter

Theodore Roosevelt during the present fight between the advocates of direct and representative government, Crane is perhaps the cleverest of them all. And his cleverness has caused him first to bow before the storm and leave the field of politics to the newer leadership.

## POLITICAL WATCHTOWER

Anaheim Gazette:—John N. Anderson was in town from Santa Ana on Friday, accompanying a party of Stanton boosters, who brought with them a silver loving cup to be awarded the town having the largest attendance at yesterday's barbecue at Stanton. Mr. Anderson, in answer to a query, said he would be a candidate for the Republican nomination for state senator from the Thirtieth district.

"Will Escudillo be a candidate to succeed himself?" he was asked. "Escudillo will not be a candidate for the office. I had a talk with him two weeks ago and he informed me that if I entered the race he would not be a candidate. He will support me."

"It's Orange County's turn for the nomination, isn't it?" he was asked.

"Yes it is, and Riverside will not ask for the nomination. I have not yet announced my candidacy, but I shall do so after the National convention meets in Chicago next month."

Mr. Anderson was especially pleased with the result of the California primaries, being a Roosevelt man from away back. He favors Johnson for vice president.

Assemblyman Bishop of Santa Ana will also be a candidate for the senatorship. Bishop has a large following in the district, and will give the former senator a run for his dinero.

## PIONEER CITIZEN DIED AT ORANGE

B. C. Barker, a pioneer of Villa Park, died at his home on North Grand, Orange, yesterday morning. At one time he was postmaster at Villa Park, and for twelve years he was a deputy county assessor.

**Parsons & McNaught**  
416-418 West Fourth St.  
BOTH PHONES 67

WASHINGTON, May 23.—Senator Francis G. Newlands, of Nevada, ever since he came to Congress, in the second Cleveland administration, as a representative from that state, has taken an active interest in all matters relating to waterways and all its related problems. His has been a work of construction, so far as the laws relating to these questions go and he has pronounced ideas looking to a comprehensive solution to these questions as they relate to the public welfare. He is a pronounced advocate of free tolls on the domestic commerce of the United States through the Panama canal.

"I believe that the Panama canal should be regarded as a domestic highway and as much a part of our waterway system as the Mississippi river and the Great Lakes," said Senator Newlands today. "It is true that the Panama canal will figure largely in foreign commerce, but our main use of it will be in domestic commerce and as a means of simplifying our national defense and reducing the military expense attendant upon defending two coasts so far apart."

"In our domestic commerce it has been our rule to place no restriction upon it either of duties or tolls. The old toll canals have been done away with, and where acquired by the Government, the tolls have been abolished. We have expended on our rivers and harbors over six hundred millions of dollars, nearly twice as much as the Panama canal, and yet the idea would not be tolerated to charge tolls for the use of such rivers or harbors."

"There is no reason, of course, why we should not seek to compensate ourselves for the Panama expenditure by exacting tolls from foreign commerce. Whether we should insist upon such tolls for our own ships engaged in foreign commerce is a question for the future, depending largely on the construction of the Hay-Pauncefote treaty, but there can be no doubt as to our immediate duty to declare against tolls on domestic commerce."

"Regarding our rivers, the recent floods demonstrate the importance of dealing with our waterways under big and comprehensive plans, like we did with the Panama and irrigation

questions. The spoils system is as bad regarding projects as it is regarding political officers. It is demoralizing and unbusinesslike. The old 'pocket-hole' system of appropriations for rivers has been greatly improved, but we have never yet permitted our Army engineers to present to us a big plan for a system of related waterways, with terminals and transfer facilities, including co-operating instrumentalities with the railroads. Our waterways have been defective as a railroad would be with out terminals, stations, or side tracks and with a gap in the track every few hundred miles and without bridges over streams."

"The Mississippi river problem is one simply of 'run-off,' the rains falling from the heavens and if distributed fairly over the year would result in a standard flow of the river and its tributaries which would be safe for navigation and attended with no destructive results. But the melting of snows in the Rocky, Alleghany and Appalachian mountain systems, together with spring rains, create an enormous 'run-off' from an area comprising nearly two-thirds of the United States, and this 'run-off' is emptied into the Gulf through a very narrow space."

"We must not only increase our appropriations for bank reversion and levy protection below, but we must arrest the 'run-off' by storage for irrigation and water power. And we must do this in co-operation with the states and communities affected, under common plans, so that all the sovereignties interested can do the work and bear the expense belonging to their respective jurisdictions. But these plans must dovetail into each other to create a perfected scheme."

"The problem is simple one. All we need to do is to organize a National Board of River Regulation, in which shall be co-ordinated the Engineer Corps, the Reclamation Service, the Weather Bureau, the Forest Service, and bring such boards into consultation and co-operation with similar boards organized in the respective states. Then fix the gait at which we shall go by determining at the outset that we will spend fifty millions annually for ten years and then instruct our engineers to plan accordingly."

## Food Habits of Birds In Relation to Man

While by far the great majority of birds are of decided economic value, on the other hand a few are destructive throughout the year, and still others are injurious at certain seasons. These are the ones concerning which more definite knowledge is needed.

The study of the food habits of birds, carried on by the Biological Survey of the United States Department of Agriculture, has been of inestimable value in determining those birds which are useful and those which are harmful. To be of greatest value, however, this work must be supplemented by special work in the different states, and this is what is now being done in California. In January of last year, Mr. H. C. Bryant of the University of California was appointed by the State Fish and Game Commission to carry on this special work. Careful study will be made during two years, of the food habits of certain birds which are now on the protected list, but whose economic value has been questioned in certain sections of the state. The birds which will receive special study are the meadowlark, blackbird, and robin, while the horned lark road-

runner and mourning dove will also receive some attention. This investigation will be carried on in a thorough manner, by stomach analysis of birds throughout the year, by careful field study and by consultation with farmers, so that the results should mean much to the agricultural interests of the state.

The harm done by birds can usually be traced to one of the following reasons: (1) to an overabundance of some particular species of bird in a certain locality; (2) to the establishment of artificial conditions, as results when waste lands are placed under cultivation, thus removing the natural food supply of birds, when they turn to the new supply furnished by man; (3) to a failure of the natural food supply of the birds, when they feed largely on food not taken to any great extent under normal conditions; (4) to the location of crops in relation to the nesting sites of birds, as shown in the damage done by red-winged blackbirds in grain fields located near marshy lands, where these birds nest. In a state like California, where natural conditions are continually changing, as immense tracts of land

are being opened up for cultivation, the study of the habits of birds is of the greatest importance to the farmer and the stock raiser. It will be the purpose to point out some of the ways in which the bird life of California is of value on the farm and in the orchard.

CALIFORNIA FISH AND GAME COMMISSION.

## PORTLAND LIGHT CO. ADVANCES WAGE SCALE OF LABORERS

PORTLAND, Ore., May 24.—Beginning next week, the Portland Light, Heat & Power Company will pay its laborers \$2 per day, an advance of 25 cents.

The company has made no effort to replace the 300 laborers who went on strike Wednesday and no trouble is expected in getting their places filled. Most of the strikers are expected to return to work when they hear of the company's decision to pay \$2.

The advance will mean quite a concession to the laborers and an additional expense to the company in that at times as many as 800 laborers are employed on the various extensions and track-laying projects.

## KAISER NARROWLY MISSED DEATH AT SHIP'S LAUNCHING

HAMBURG, May 24.—As the world's greatest ship, the Imperator, slid from the ways yesterday amid the cheers of thousands of spectators, a heavy block of wood became loosened in the scaffolding overhead and falling, narrowly missed the head of Emperor William. The result could hardly have been other than fatal had the block fallen a few inches to one side.

The Imperator is of the Hamburg-American line and carries complete life saving equipment for 4100 passengers and a crew of 1100.

## TOMORROW BENEFIT GAME TO BE PLAYED

Tomorrow afternoon will be played a baseball game for the benefit of Ralph Walbridge, who was injured in a game Sunday and who is still in the hospital. The contestants tomorrow will be the town team and the high school team.

The game is to be played on Lincoln school grounds. The lineup is: Santa Ana High School Stephens ..... C ..... Pease. Dubois or Brown P ..... Warren Mott ..... 1B ..... Smith Brown ..... 2B ..... Carrillo West ..... 3B ..... Carver Head ..... SS ..... Duhart Luxemburger ..... LF ..... Walters McGaffey ..... CF ..... Morrison Cobb ..... RF ..... Youngman Umpire, Wright.

## PROGRESSIVE WHIST

Many Guests Enjoyed Charming Party Given Yesterday by Mrs. Arthur Pease

No prettier party has been given this season than that at which Mrs. Arthur Pease was hostess yesterday afternoon, when she entertained a large number of friends with progressive whist. Sweet peas were used generously, drooping gracefully from vases, massed in baskets and intertwined with plumed ferns. Potted plants added to the pretty decorative scheme, setting off the tints of pink and white which united in the color motif of the decorations, and which also prevailed in the food and the after-dinner mints. The latter were skillfully moulded as sweet peas with a touch of green.

The prize winners were Mrs. H. Clay Kellogg, whose award for best score was a handsome cut glass dish; Mrs. Mary Rowell, who captured a pretty picture for second prize, and Mrs. Henry Diers, to whom a dainty handkerchief went as consolation prize. In scoring and in the other duties of the afternoon, Mrs. Pease was assisted by Mrs. R. D. Goff of Los Angeles and Mrs. Verne Whitson. The whist tables were later utilized for the serving of delicious refreshments, the Dragon catering.

Mrs. Pease's list of invited guests included the following: Mesdames R. E. Dickinson, O. M. Robbins, Max Reinhaus, H. H. Reeves, A. A. Avery, Frank E. Frank, George, George Balderton, Cora Cavin, Mary Whitson, Verne Whitson, W. W. Wasser, J. S. Wasser, W. L. Grubb, P. L. Tople, John Wehrly, Henry Diers, Hoyt Hall, F. C. Rowland, H. Clay Kellogg, Fred Taylor, Sr., Frank True, Mary Rowell, H. A. Terwilliger, Will Clevenger, Ray Steadman, Crawford, Alvi Steadman, Malcolm Lloyd, Chas. Rudolph, George Wilden, Mrs. R. D. Goff of Los Angeles; the Misses Reinhaus, the Misses Cotter, and Miss Lida Crookshank.

**For Visiting Uncle**  
Mr. and Mrs. Frank Remberg were host and hostess last night at a family dinner for Mr. Remberg's uncle, Albert Shaffer, of Galveston, Texas, who is here as the guest of Mr. and Mrs. C. P. Remberg. Mr. Shaffer is the brother of Mrs. Remberg.

**Daughters of Veterans**  
This patriotic organization will meet in G. A. R. Hall tonight at 8 o'clock. Full attendance is desired.

**Masons Aided at Arctis**  
A dozen or more Blue Lodge Masons went from here to Artesia last night and conferred the third degree upon three candidates. Delegations were present from Whittier and Downey. Chief of Police Sebastian of Los Angeles was present.

**Organized Art Class**  
Fourteen ladies who live right near Lyon street met at the home of Mrs. B. F. Nimmo yesterday afternoon and formed what they christened the Lyon Street Art Class. The purposes of the class are study and sociability. Mrs. Tuttle has been secured for teacher, and it is expected that great benefit and enjoyment will be had.

The class elected officers as follows: Mrs. Albert Fuller, president; Mrs. E. H. Smith, secretary; and Mrs. C. A. Hubbard, moderator. The next meeting of the class will be next Wednesday afternoon, May 29, at the home of Mrs. F. J. Davis.

## CHARMING DINNER

Friends Entertained at Pretty Home of Mr. and Mrs. W. L. Bullard of French Street

Mr. and Mrs. W. L. Bullard gave a charming dinner last evening greatly to the pleasure of those entertained. Beautiful pink roses were used to adorn the living room and pink carnations beautified the exquisitely appointed table and the dining room.

Covers were laid for Mr. and Mrs. H. C. Dawes, Mrs. Addie Collins, Miss Henrietta Young, Miss Iva Miller, Ralph and Spencer Collins, Mr. and Mrs. Bullard.

Following the dinner served at 8:30 o'clock, the party were the Bullards' guests at the Bell Theater.

W. C. T. U.

The Tustin W. C. T. U. met Thursday afternoon at the home of the president, Mrs. W. L. Bullard. The meeting was called to order by the president, and two selections of temperance songs were sung. Mrs. H. H. Forline conducted the devotionals in a very helpful manner. It was decided to send a protest to Gov. Johnson against the use of intoxicating liquors at the banquets and other social functions connected with the State University. It appears that the students have taken the matter up, but so far have not been able to settle it satisfactorily.

Delegates were chosen for the state convention to be held in San Diego from June 3rd to 6th. They were: Miss L. White, W. C. Crawford and Mrs. C. A. Miller; alternates, Mrs. M. K. Brown and Mrs. Ella Brown. Mrs. Burrow, superintendent of temperance legislation, had charge of the meeting. After a piano solo by Mrs. Kate Ebel, which was very much enjoyed, Mrs. Brown introduced Mrs. J. N. Anderson of Santa Ana, who gave a fine address in harmony with the subject of the day, bringing up and explaining the various bills now before Congress in which the women are especially interested, among them the Hobson prohibition bill, the Kenyon-Shepard bill and the Eisele bill. She also spoke of the children's bureau established at Washington, polygamy, as it exists in Arizona, New Mexico and other states, the anti-cigarette bill that will be introduced in the state legislature by Prof. Tickle of Los Angeles.

The next meeting will be a flower mission, and the superintendent, Mrs. Childs, wishes a large number of bouquets to distribute.

**Foreign Missionary Meeting**  
The regular monthly meeting and quarterly tea of the Woman's Foreign Missionary Society of the First Methodist Church was held at the home of Mrs. J. J. Van Wyk, 1109 French street, Wednesday afternoon at 2:30 o'clock. There were about sixty ladies present.

Miss Martha Drummer, a returned missionary from Quessou, Angola, Africa, gave a most interesting talk on missionary work at that place. Miss Drummer pleased the ladies by singing a song in Portuguese; one of the languages commonly in use at Quessou.

Reports of the recent foreign missionary society convention held in Fullerton were given by Mrs. J. B. Head, Mrs. Van Wyk and Mrs. E. E. Lee.

Refreshments were served by the committee in charge, headed by Miss Davis as chairman.

**Farmers Will Meet**  
The Santa Ana Farmers Club will meet tomorrow evening at the residence of J. R. Wilson, 1911 North Spurgeon street. The subject for discussion is "The Farmer's Problem." The speaker is not responsible for the higher cost of living. Everybody is cordially invited to attend.

**Attorney Addressed Students**  
Yesterday afternoon the students of the Commercial High School were favored with a very instructive talk by Attorney W. H. Thomas. Mr. Thomas talked along the line of business qualification, giving many helpful suggestions to the students in preparing to meet the needs of the business world.

## Personals

F. W. Wisseman and his brother, Charles Wisseman, who is his house guest, enjoyed an outing yesterday at Arch Beach and Laguna. The beauties of the resorts by the seaside were greatly appreciated by the visitor.

Mr. and Mrs. W. G. Gould spent yesterday in Los Angeles.

City Marshal Wilson has returned from Elsinore Hot Springs where he spent some time for his health.

Mrs. Olive Lopez was a yesterday's visitor in Los Angeles and points nearby the city.

J. C. Joplin is having the pleasure of a visit from his sister, Mrs. Chas. Fay and daughter, of Anaheim.

Miss Hazel Glenn has completed her work at the Orange County Business College and has returned to her home on the San Joaquin ranch. While in Santa Ana, Miss Glenn made her home with Mrs. John Morris, West Seventh street.

Miss Isabelle Macfarlane of Santa Barbara is the house guest of Mr. and Mrs. Warren Brakeman, arriving here late yesterday afternoon.

Mrs. Jane Dryden of Pomona will occupy the Finley home on French street during the absence of Miss Sarah Finley, who will spend the summer in Sacramento and Oakland. Her sister, Miss Lula Finley, will later go East.

J. F. Rainey, brother of Mrs. L. B. Fine, is visiting her from Lompoc. It has been five years since he saw his sister.

Mr. and Mrs. F. E. Ashburn of Delta, Colo., are guests today at the home of Mr. and Mrs. Thos. Ash. They have come to California for permanent residence, and have been engaged in the Ontario schools.

Mr. and Mrs. C. S. Forgy were Los Angeles visitors today.

Mrs. W. W. Grosier spent yesterday at Newport Beach, where her husband is employed.

Mrs. Charles Johnson returned to her home in Tustin last evening after several days' visit with her aunt, Mrs. W. S. Mayfield, who has taken a cottage at Newport Beach for a week or two. The remaining guests at the Mayfield cottage are Mrs. Sam Hill and three children and Mrs. Sleeper and granddaughter, all of Pomona.

Mrs. Annie Gale and her sister, Mrs. Glidden and little son, were Los Angeles visitors today, going up on an early car.

A. B. Steadman, until recently assistant postmaster at Santa Ana, has accepted a position with the Huntington Beach Co. of Huntington Beach, and has moved his family to that place. The vacancy created by his resignation has been filled by J. E. Alexander.

Mrs. V. A. Cramer of Los Angeles, came down to Santa Ana this morning. She will be at her home at 201 East Sixth street for a few days.

Walter Eaton returned home last night from Golden, Colo., where he has been attending the Colorado College of Mines. Mr. Eaton has one more year in college yet, but will spend his summer vacation with his parents on West 17th street and Broadway.

**Nature's Sweet Restorer**  
Photographer (to farmer)—"Look pleasant, please."  
Mrs. Hayrick—"Go to sleep, Abner. That's the only time you're pleasant."

## DIED

**KELLER**—In Santa Ana, May 23, 1912, Jerome, little son of Mr. and Mrs. Fred L. Keller.  
The funeral services were held Thursday afternoon at the home, 912 Stafford street. Rev. H. E. Murkett ministered at the service.

**RAIRDON**—In Lawrence, Kansas, May 21, 1912, Mrs. Rosetta J. Rairdon, widow of H. Rairdon, who died here one year ago at the family residence on Bristol street.

Mrs. Rairdon's remains will arrive here tomorrow, accompanied by her son, Dr. C. W. Rairdon. The funeral procession will leave Smith & Son's chapel at 3:30 and services will be held at the cemetery, where the deceased will be buried by the side of her husband.  
The Rairdons had lived here twenty years.

**J. H. Padgham & Son**

106 East Fourth St.

## Would You Like To Own a Home By the Sea?

\$10 down and \$5.00 per month will buy and put you in immediate possession of a large lot at Laguna Cliffs. These lots are 50x122½ feet, on level ground and 35 feet above the ocean on rich black soil.

Good drinking water is piped to every house on the tract and as there is an abundance of water and first class soil anything that will grow in Orange county can be produced at Laguna Cliffs.

Laguna Cliffs is the high class sub-division of Laguna Beach and is closer to Santa Ana than Long Beach is to Los Angeles. With the prospects of the Coast Boulevard and the Pacific Electric extension both passing through the tract, Laguna Cliffs offers a splendid opportunity for investment, besides being a most desirable summer home site.

As the interior of the state becomes more densely populated beach property becomes more and more valuable and those having the foresight to purchase now will within the next few years see the value of their investment increased many times.

We strongly urge a visit to this scenic spot and a day spent there will never be regretted.

Auto stage leaves Rossmore Hotel, Santa Ana, for Laguna Cliffs daily at 10 a. m.

For further information see E. E. Johraus, Laguna Beach, or E. J. Burnsted, 400 Consolidated Realty Bldg., Sixth and Hill Sts., Los Angeles, Calif.

### AT THE COURTHOUSE

## KATE MEASOR TRIALS SET

Woman Charged With Illegal Sales of Liquor in Superior Court Today

Kate Measor of Delhi was in the superior court today and pleaded not guilty to two charges of sales of liquor in violation of the Wylie local option law. One trial was set for July 1 and the other for July 2.

When the woman was asked if she was guilty or not guilty this morning, she replied "not guilty," and was evidently about to elaborate upon that plea when both her attorneys, Dick Harding of Santa Ana and Nesbit of Los Angeles, told her to sit down.

A final decree of divorce was today given Katie M. Hunt against Rae M. Hunt. W. F. Heathman appeared as counsel for the woman.

**Criminal Cases**  
George Biggs, charged with the murder of F. A. Montee and Mrs. Montee on April 12, was arraigned this morning, and May 28 at 9:30 o'clock was set for the time to answer.

The trial of E. M. McCollum, charged with passing a no-fund check, was set for June 20.

**Records Homestead**  
A declaration of homestead was recorded yesterday by Clement G. Beard on lot 7, block B, C. R. Smith's addition to Santa Ana; value, \$2,000.

### FRUIT GROWERS ATTENTION

The Caldwell Fruit Pitting Machine will be on exhibition tomorrow from 10:30 a. m. till 5:30 p. m. at the corner of Fourth and French streets. This machine will cut and pit 1000 to 1500 pounds of fruit per hour.

**OPENING DANCE**  
A Grand Opening Dance will be held in Campbell's new hall in Orange next Friday night, May 31st, with excellent music by a six-piece orchestra. All invited. Admission orchestra. All invited. Admission \$1.00.

—Try a Register Classified "Ad."

..... Miss Elsie Wingood

Presentation of Diplomas .....

..... Dr. C. D. Ball

Benediction ... Rev. W. L. C. Samson

### FLOOD UNCOVERED

ABORIGINE TOWN

Colorado River On Rampage Digs Up

Old Site—Flood Situation at

Needles Serious

SAN BERNARDINO, May 24.—

What is declared by ranchers to be an ancient aborigine town has been

uncovered by the Colorado river,

which for a week has been on a

rampage for a hundred miles north

and south of The Needles. The high

water makes an examination of the

ruins impossible, but it is declared

the walls of the huts undoubtedly

are centuries old. The site of the

ancient village is thirty miles south

of The Needles. The stream cut a

new channel, revealing the hidden

town.

The situation at The Needles to-

night is the most critical since the

flood. The dams that hastily have

been thrown up have only shifted

the current to other points on the

bank on which the town stands.

### SPECTACULAR FIRE

DESTROYS 857,000

GALLONS WHISKY

SCHENLEY, Pa., May 24.—Officials

of the Schenley Distillery Company,

two of whose warehouses were de-

stroyed Wednesday in one of the

most spectacular fires ever seen in

the Allegheny Valley, said yesterday

the loss would approximate \$800,000.

The fire consumed 857,000 gallons of

whisky.

## ORATOR NOT TO BE THERE

Anaheim Commencement to  
be Marked by Music and  
Not by Oratory

ANAHEIM, May 24.—Arrangements are being completed for the commencement exercises of the Anaheim High School, which will occur June 27. Instead of the usual address delivered by a distinguished orator, the Sierra Male Quartet of Los Angeles has been secured. On June 23 the Baccalaureate sermon will be given by Rev. Moore of the local Christian Church. Rehearsals are now in progress for the senior play, "The College Town," that will be given commencement week.

The graduating class consists of seventeen, and the personnel is as follows: Grace Adams, Zoo Dell Lemon, Edleen Armstrong, Rosa Claybaugh, Ethel Cole, Cumie Gidea, Edith Hedstrom, Florence Lacey, Eva Newman, Ethel Nordheim, Henrietta Schindler, Mabel Smith, Berle Northland, Paul Baker, Adolph Schneider, Clyde Kelly, W. R. Laidlaw.

## SMALL VALUE COINS: YES-NO

WASHINGTON, May 24.—Senators on the finance committee would like to have the views of individuals, organizations and business interests on the proposed 3-cent and 1/2-cent pieces. The proposal to change the national coinage originated in Cleveland, where the people have a 3-cent fare. Toledo also came into line in support of the scheme. Then some

## ANAHEIM WON SILVER CUP AT STANTON BARBECUE YESTERDAY

Big Crowd Entertained by the New  
Town's Chamber of Commerce--Yost  
Master Hand at Barbecue

Anaheim took the big silver cup offered by the Stanton Chamber of Commerce to the city having the largest representation at Stanton's birthday celebration yesterday. Santa Ana had the cup won until 4 o'clock in the afternoon when a long line of automobiles brought a big crowd of Mother Colony boosters to the scene of the barbecue at Stanton, on the Pacific Electric.

According to the count, Anaheim had 239 men, women and children present; Santa Ana, 182. Residents of Stanton numbered 353, but Stanton was not competing for the trophy, which, therefore, went to Anaheim.

The barbecued meat could not have been better. Mellen Yost, a master hand at a barbecue, was at the head of the meat-cutting department. Two cattle were slaughtered for the occasion, and fully 1200 pounds of meat were cooked.

Huge chunks of meat are wrapped

in cheese-cloth. This bundle is wrapped in one dry barley sack and two wet ones, tied with baling wire. After the brick and rocks are hot, the pit is cleared, and the meat put in. Hot rocks are piled on top, and oil-cloth and dirt make a covering from which no heat from the interior can come. Thus the meat is cooked, every ounce of the nutrition remaining. The meat used yesterday was started at 3 o'clock Wednesday night. It was as tender and delicious as meat can be.

The barbecue was the main thing yesterday. The cooked meat and Spanish beans were the principal articles of diet. Hundreds of people were served.

It was an all-around picnic time. Everybody enjoyed the hospitality of the new town, and those who saw it for the first time saw the plats and streets and sidewalks of Orange County's youngest city, one year old yesterday.

Members of the Townsite Company were on hand yesterday, enthusiastic over the prospects for building up a good town at Stanton, formerly known on the P. E. as Benedict Station.

## FIRE FIGHTING CO-OPERATION

Real Test Under Newly Organ-  
ized System Proved Its  
Advisability

Co-operation in fighting forest fires under the newly organized protection system of the United States Forest Service had its first real test recently on the Angeles National Forest. A fire started in Devil Canyon near San Bernardino and thirty minutes after it was discovered two auto trucks with men and provisions and tools, in charge of Mr. W. C. Starke of the San Bernardino Water Department, were speeding to the scene of the fire, which was soon put out with little damage. This almost equals the record of some city fire departments.

The co-operative fire fighting system is the result of closer organization of the volunteer help made by the Forest Service following the disastrous fires in Southern California last summer. Officers of the Service made an extensive canvass through the towns immediately adjacent to the Angeles National Forest and inaugurated the system that is now proving so effective. Volunteer mountain fire fighting companies were organized in seven towns along the front.

In each community some representative citizen was selected as Agent for the Forest Service. His duty it is to locate in advance of a call a crew of volunteer fire fighters and to see that their equipment and transportation is ready at a moment's notice. He arranges for the immediate forwarding of the men, tools and supplies when notified over the phone by the ranger back in the hills that a fire has broken out. This arrangement permits the forest rangers to give their entire attention to patrol and saves the time hitherto lost by the ranger coming down out of the mountains to gather a crew of men. These agents and volunteer fire fighters are paid by the Government when engaged in actual fire work, but many of them show such a fine public spirit that they refuse to accept pay for their services. The system is working admirably and is being rapidly extended to other parts of the state.

LOS ANGELES, May 24.—The first private hatchery for the propagating of all kinds of trout for supplying the local market to be established in Los Angeles County will be opened by O. L. Roberts of Los Angeles in Santa Anita canyon within the next month. Arrangements with the forest service for the lease of the necessary land have been made and the work on the project will start immediately. According to Mr. Roberts, he will build an artificial pond of sufficient size to accommodate 500,000 trout of marketable size, besides hundreds of thousands of smaller ones. He will permit parties fishing in the reserve at the market rate. He estimates that five years will be required in raising the fish to a marketable size.

Santa Ana, Cal.

## Merchant Tailored CLOTHES

Are better and more economical than ready-mades  
Because THE MERCHANT TAILOR'S EXPENSES ARE LITTLE OR NOTHING COMPARED TO THE ENORMOUS EXPENSES ON READY-MADES.

Because ON READY-MADES THE MANUFACTURER'S PROFIT IS USUALLY 33 PER CENT—THEN 50 TO 60 PER CENT IS ADDED TO THAT FOR THE RETAILER.

Everything Is Better in  
Merchant Tailored  
Clothing

Because QUALITY OF CLOTH, LININGS, TRIMMINGS USED BY THE MERCHANT TAILOR IS FAR SUPERIOR TO THAT IN READY-MADES.

Because IN MERCHANT TAILORED CLOTHES YOU GET AN EXACT FITTING TO YOUR PHYSIQUE AND WORKMANSHIP OF MUCH HIGHER QUALITY.

Have Your Next Suit  
Merchant Tailored, See  
And Tell The Difference

### TUSTIN SOCIAL ITEMS

**Domestic Science Club**  
The Domestic Science section of the Eboli Society will meet next Wednesday with Mrs. E. J. Cranston. The preparation of salads will be demonstrated.

**Informal Party**  
Miss Minnie Crawford was hostess Saturday evening at an informal party for several of her friends. The time was spent with an impromptu program followed by the serving of delicious refreshments. Those present were Mrs. H. J. Cranston, Misses Phinney, Mr. Glen Luther, Ross Shafer and Victor Kennedy.

**Literary Section of Eboli Society**  
The Literary Section of the Eboli Society met Tuesday afternoon at the home of Mrs. W. M. Belding. Mrs. C. E. Utt gave an interesting talk on Panama and a highly entertaining discussion was held on topics in Current Literature. Refreshments were served by the hostess at the close of the afternoon.

**Missionary Meeting**  
An all day meeting of the Missionary Society of the Advent Church will be held Tuesday with Mrs. Richardson. All members are requested to be present.

**Meeting Postponed**  
Owing to the serious illness of Mrs. Geo. Pollard the Tustin Twelve Club have postponed their meeting until next month.

A gold medal contest will be held at the Presbyterian Church Tuesday, May 28, at 7:30 p. m., under the auspices of the W. C. T. U. The following program will be rendered:

Piano duet—Wilhelmina and Mildred Bennett.  
Devotions—Led by Mr. Dr. Spence.

Song—Ladies of the W. C. T. U.  
Introductory remarks—Mrs. Anna

Piano solo—Margaret Tingler.  
Contestant No. 1.

Violin and piano duet—Haden and Adah Squires.  
Contestant No. 2.

Piano solo—Gertrude Utt.  
Contestant No. 3.

Duet—Misses Long and Doherty.  
Contestant No. 4.

Vocal duet—Jerome Stearns and Loraine Bainbridge.  
Contestant No. 5.

Piano and trombone—Mr. and Mrs. Hansen.  
Contestant No. 6.

Judges retire.  
Silver collection.

Vocal duet—Misses Burns and Long.  
Piano solo—Mrs. H. L. Hanson.

Awarding of medal.  
The contestants and their subjects are:

Scott Prather, "Ben's Victory"; Dorothy Utt, "Judge Morse's Reason"; Horace Shafer, "A Convict's Warning"; Ella Davis, "Dat Boy Fritz"; James Utt, "The Bridal Wine Cup"; Hazel Rees, "Infirmary of Purpose Give Me the Dagger".

**Class Picnic**  
Mr. Fred Courrier took his Sunday school class to Balboa Saturday night staying over Sunday. The boys all came back sunburned and happy. They were, James Utt, Albert Thor, Gerald Allen, Willett Phinney, Olin Hatfield, Monroe Sharpless and George Mathews.

**Progressive Whist**  
Miss Edith Stearns entertained Saturday evening with a progressive whist party. The decorations of green and red were prettily arranged all through the house. Miss Crit-

tie Young won first prize and Clyde Deardorff the consolation prize, after drawing for it with Miss Cora Kendrick. A musical program was rendered after which ice cream and cake were served. Those present were Misses Ethel Alderman, Griddle Young, Flossie Brookbank, Jessie De Baun, Ora Young, Maud McLaughlin, Cora Kendrick and Alice Mathews; Messrs. Forest Collar, Alton Alderman, Harry Kendrick, William McLaughlin, Feagan Mathews, John and Harry Kyser and Clyde Deardorff.

**Correspondence Club**  
The Correspondence Club met Wednesday afternoon at the home of Mrs. Swartz. Sewing and music passed the time, which all present enjoyed. Refreshments were served by the hostess at the close of the afternoon. Those present were Mrs. Tuttle, Mrs. McCarroll, Mrs. McDonald, Mrs. Reed, Mrs. Woodington, Mrs. J. H. Stearns, Mrs. House, Mrs. Hart, Mrs. F. C. Stearns, Miss Edith Stearns, Mrs. Mann and Mrs. Ed Smith. The next meeting will be held with Mrs. McCarroll.

### TUSTIN PERSONALS

Dr. Hamilton Forline of Redlands spent Tuesday with his father, Dr. H. H. Forline.

Mrs. Brookbank and her son, Harry, spent Sunday in Los Angeles.

Misses Alice and Amy Wheeler of Anaheim spent Saturday with Miss De Long.

Mr. W. C. De Long is spending the week at Newport.

Rev. and Mrs. Stevens of Maine are visiting with Mrs. Richardson. They expect to go into evangelistic work in this state.

Mrs. Sharp has just returned from Santa Monica where she has been visiting her daughter.

Miss Denio has left for Iowa where she expects to spend the summer.

Mr. Frank Stearns spent Thursday in Los Angeles on business.

Miss Burns, Miss Doherty and Miss Turner left today to spend the weekend in Los Angeles.

Miss Regels from Los Angeles spent Saturday and Sunday with Miss Turner.

Mr. and Mrs. Platt are in Lomita for a few days.

Mr. Ben Friese of San Francisco is visiting his uncle Mr. Sherman Stevenson.

Mrs. W. Woodington, of Huntington Beach, spent Wednesday with Mrs. McCarroll.

Miss Minnie Childs is spending two weeks on Lemon Heights with Mrs. George Brown.

Mr. J. A. Phinney and Sam Tustin were in Los Angeles Tuesday on business.

Mr. Burton was seriously injured last week when his mules became frightened at a dog and ran away. Mr. Burton was thrown from the wagon and fractured his shoulder blade.

Mr. Chas. Arts and his father, W. D. Arts, spent Thursday in Los Angeles on business.

**Boring New Well**  
The Tustin Manufacturing Co. have their new well boring outfit on Chas. Willard's place at First and Yorba streets. They are boring a twelve-inch well there for a number of orange growers who expect soon to form a company.

**Advent Church Notice**  
Elder O. M. Owen of Pasadena will preach at the Advent church Sunday.

## THE NOSE A FILTER TO STRAIN THE AIR

Catarrh Clogged Nostrils a Breeding Place For Deadly Germs

The nostrils are perfect "air filters" and, when kept in clean, healthy state, strain every bit of air we breathe, catching all dust particles, foreign matter and germs. The air is full of germs. You cannot dodge them, but you can safeguard yourself against catarrh and other diseases contracted in the process of breathing by keeping the nostrils clean and healthy. Catarrh germs will sometimes get in their work, and you may mistake the symptoms for an ordinary cold.

Don't take any chances. If you have a stuffed up feeling in the head, or if your throat is sore or filled with phlegm, just grease the nostrils with a little Ely's Cream Balm, draw the pure, aromatic fumes back in the head, and you will be astonished at the effect. In a few minutes you will feel a loosening up in the head, the nasty discharge will soon be stopped, the soreness gone, and you will feel a sense of genuine relief.

Ely's Cream Balm not only wards off catarrh, but will quickly cure even a chronic, longstanding case of catarrh. It takes the trouble right where it starts, in the nose and throat, cleanses, heals and strengthens the raw, sore inside skin, or membrane, and in this way drives out catarrh and makes you proof against this filthy, disgusting disease.

Summer Colds, which often hang on for weeks, can be quickly cured with this cleansing, healing, antiseptic balm. All druggists sell it for fifty cents a bottle, and the one bottle is generally all that is needed to effect a complete cure. Try it today.

Drs. Rositter & Paul, dentists, over armers & Merchants Bank.

## BURST OF FLAME INJURED WOMAN

Coolness Prevented What Otherwise Might Have Been Fatal Accident

Olinda Derrick, enveloped in a burst of flame from gas which the sudden draught caused to flash back when she opened an oven door to look after a baking cake, Miss Edith McCoy was severely burned Tuesday afternoon at about 4:30, at the home of her brother-in-law on the Industrial lease. Fatal results might readily have attended the accident but for the coolness of Miss McCoy and those about her, who smothered the flames which quickly attached to her clothing. As it was, she escaped with severe burns about the face, neck and right arm. Dr. Hall was promptly summoned from Fullerton and removed the young lady at once to the home of her brother-in-law, Ernest Campbell, a well known industrial tool dresser who resides at Fullerton. Miss McCoy is attended there by her mother, who recently came out from the home of the family in Colorado for a visit with her children. Yesterday she was reported to be making as good recovery as could be expected, although suffering considerably from her painful injuries.

## WE DON'T IRON SHIRTS—WE PRESS THEM

Our shirt pressing machine gives your shirts the right kind of finish, shapes them perfectly, does away with the fraying and tearing of the old method of ironing.

Our collar shaping machine saves wear and tear on collars and leaves space for the tie to collar easily.

We handle everything in  
glass from Plate Glass  
down to the ordinary win-  
dow glass.  
We cut glass to order, for win-  
dows, pictures, auto windshields.

## NEW COMPANY GETS PERMIT

\$6000 Will be Expenditure for  
Storage Warehouse on  
East First

Rankin Will Put in Handsome  
Front on Fourth Street  
Store

The largest building permit of the week just ended was issued to the Co-Operative Wholesale Commission Co., for a two-story brick warehouse building at 1123 East First street, along the right of way of the Santa Fe railroad. The estimated cost of this building alone is \$6000, but it is said that fully that much more will ultimately be put in equipment and machinery for the establishment. The company, it is reported, is to engage at first solely in a storage business, but in the course of the next year will branch out in other departments of industry which will prove of advantage to the city. The promoters of the enterprise are so far keeping their plans quiet. W. R. McBurney has the contract for the construction work on the new building.

Permits for the past week called for a total expenditure of \$10,520, which is considered a very good record for this time. The approach of summer is causing some let-up in the number of new buildings projected, but contractors and carpenters still have all they can do, and will have for some time to come. Moreover, there is assurance of enough new buildings being started to keep things fairly busy during June and

July, usually the duller months of the year in the building line. There is every indication that with the coming of autumn there will be a revival which will even exceed that of last year, for there are plans in contemplation which include business blocks, apartment houses and many new residences.

**New Business Front**  
The Rankin Dry Goods Company is having plans prepared for a new front to extend over its present quarters and the store room next door, now occupied by the Santa Ana Book Store, and on which the Rankin Company has secured a lease. The front will be of particularly handsome design and will add materially to the modern appearance of the block. Work will probably be started as soon as the Book Store vacates its present quarters.

Verne Whitson is just completing a handsome residence building at the corner of South Main and Camille streets, at a cost of about \$5000. Mr. Whitson will occupy the first floor with his family, while the second will contain two cozy and modern apartments.

### WILL BUILD COLD STORAGE PLANT AT BREA

Olinda Derrick:—The Los Angeles Ice and Cold Storage Co. has completed plans for the construction of a storage plant in Brea and will begin the work of actual construction as soon as the material arrives on the ground. The advent of this latest industry in Brea will be hailed with delight by the housewives of that locality, as it not only assures them of fresh meats and vegetables during the humid summer months but also many other luxuries.

### ROAD CONDITIONS OF STATE REPORTED

Road conditions over the Pacific Highway route from San Francisco to Seattle are very much better at the present time than they have ever been in any previous year, according to information just given out by Frank M. Fretwell, secretary of the Pacific Highway Association, who has returned from a two weeks' trip extending as far south as San Diego. In addition to investigating conditions that affect touring, Mr. Fretwell marked the Pacific Highway from Redding to the Oregon line. With the completion of this stretch of the Pacific Highway, markers now indicate the international thoroughfare from Vancouver, B. C., to Redding and, as the California roads out of Redding are well marked with local road signs, all kinds of traffic traveling north and south in the three states and the province of British Columbia will have no trouble in finding the way through the country whether or not they wish to drive just a few miles or up and down the entire coast.

**Don't Worry, Smile!**  
—It's up to you to do this if you will heed my advice. I am paid for this ad; it will pay you to read every word of it. If you are going to buy an automobile you will have many worries if you buy an old car. But should you select the Imperial as your choice, you will smile and all your friends smile with you. There is not a single part of body or mechanism in the Imperial Auto that will cause worry. To see it is to smile. Come to the Garage at Second and Bush streets, Santa Ana, where The-ian will greet you with a smile and prove to you that I could not write up all the merits of the Car if I had a whole page of space.

**Women in Japan**  
The tenth anniversary of the founding of the Japanese Women's University, the only one of its kind in Asia, was observed last year. Marquis Ito and the empress of Japan have taken great interest in it from the beginning. While in India the percentage of girls attending school is seven out of every thousand, in Japan it is ninety-one out of every hundred, and undoubtedly the college has had much to do with the desire for education on the part of girls. Children may enter the kindergartens at the age of three years. There are about twenty papers in Japan devoted to the interests of women, and some women contribute to them.

Santa Ana Painless Dentists, 1024 East Fourth St., Main 221.

## \$20,000 CHURCH IS PLANNED FOR ORANGE

Orange Post:—At a meeting of the Presbyterian Church and congregation of Orange, held last Sunday afternoon, the building committee submitted a report stating that the bids received on the plans adopted for the new church had all been considerably in advance of the specified limit, \$15,000. The committee therefore referred the matter back to the church for further instructions. By the un-

animous vote of those present, the committee was authorized to proceed immediately with the erection of the church, the limit of \$15,000 being removed and the entire business left to the discretion of the committee, which is composed of five men and five women, leading members of the church. The meeting was enthusiastic and entirely harmonious. It is expected that the new building, when completed and furnished, will cost from \$18,000 to \$20,000.

Wear correctly fitting glasses made by Dr. Loersch, 116 East Fourth street.

To Co-Operative Wholesale Commission Company, two-story brick warehouse, 1122 East First, \$6000. W. R. McBurney, contractor.

To C. Andre, alterations, 213 North Main, \$350.

To G. W. Hournstern, screen porch, 825 South Sycamore, \$40.

To T. S. Smith, corrugated iron

barn, 646 Ross, \$150.  
To Heninger Bros., 6-room frame bungalow, 514 South Broadway, \$2000.

### A Clever Idea

A clever idea for stowing away hats, furs, blouses, etc., was evolved by a woman who lived in a tiny apartment. She had a wide shelf erected across one end of her bedroom, about a foot and a half below the ceiling. Then she bought six or seven hat boxes and covered them with wall paper in a rose design that harmonized with the rose color of her room. These formed a kind of frieze across one wall, and without detracting from the general appearance made a little storeroom easily accessible. On the outside of her cupboard door was kept a list showing what was in box No. 1, box No. 2, etc.

## The New Industrial Center SOUTH SANTA ANA

## PROTEST FROM ORANGE POST

Argument Made That S.A.V.I.  
Company Should Keep Out  
of Ordinary Business

What the Orange Post has to say on irrigation matters is always worth reading. Here is what the Post has under the heading, "Should Keep Out of Ordinary Business":

At a recent meeting of the directors of the S. A. V. I. Co. the following motion was adopted:

"On motion the superintendent was instructed to procure forms for making 8 and 10-inch pipe and sell to stockholders at cost."

The early fathers of the S. A. V. I. Co. started the precedent of supplying the stockholders of the company with cement at cost for irrigation purposes only; but they stopped there. They reasoned that to go so far would add nothing to the burdens of the other stockholders and, where the poor stockholder did his own work, it would save him a portion of the cash outlay; but, if a stockholder was able to buy his pipe and preferred to do so, he should buy of those who were engaged in the business of making pipe. The company would not sell cement at any price to the pipe makers, nor to any one other than a stockholder, nor to a stockholder except for irrigating purposes for himself alone. In short, it never was conceded that the company had a legal right to go into business generally, even if, by doing so, it could save money for its stockholders.

The ultimate effect of the course now entered upon by the company will be to drive the cement workers out of the pipe-making business. There can be no doubt about that, since the purchasers of pipe here are, almost without exception, stockholders of the water company and will buy where they can buy cheapest. The few that are not stockholders would then have to order their pipe from abroad, paying transportation in addition to the regular market price. There are at least two reasons why the water company can make pipe cheaper than other pipe-makers. The profit to the contractors, over and above his expenses, and for which he engages in the business, would be cut out when the water company sells pipe at cost; then the cost of management or supervision, the overhead expense, as it is called, would be cut out where the superintendent of the water company is paid a regular salary. To these might be added the cost of tools, yard rent, bookkeeping and numerous other items which would cost the water company nothing additional. It is a plain case that no pipe-maker can compete with the water company when it sells its product at cost.

The wrong perpetrated by this new regime is not confined to outsiders; every stockholder in the company, who does not purchase pipe, helps to bear the expense of making the pipe cheap for those who do buy. Of course, it would be hard to trace each particle of the expense and show who helped to meet it; but the fact remains that, where pipe is furnished by the water company at less cost than can be done by other pipe-makers, a part of the cost must come out of the stockholders of the company. It might be said that all the overhead expense of pipe-making and the use of the company's yards, tools, etc., can be gotten out of the officers, employees and property of the company without additional expense to the stockholders; but such is not the case. The officers and employees occasionally complain of the amount of work they have to perform and ask for more pay or more help, while the company's property is a continual expense for taxes, repairs and replacement.

If the officers and employees of the company have spare time and strength for more work, either the force might be shortened up or other work be found that would equally benefit all the stockholders without injuring outside business enterprises or undertaking work for which the company was not organized or incorporated.

### "ONLY ONE FLAG" FOR AMERICAN CITIZENS OF WHATEVER BIRTH

Los Angeles Judge Displays 'Old Glory' In Naturalization Court and Exports Allegiance to It

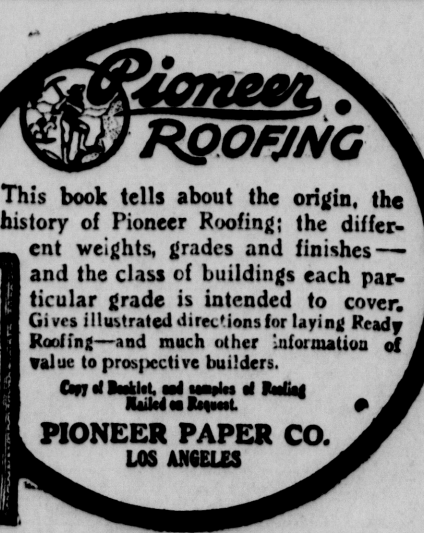

The Los Angeles Examiner says: "A great American flag was yesterday displayed in the court room of Judge Willis during naturalization proceedings for the first time in the history of the local courts. The prominence given Old Glory over the bench and the emphasis given to the things it represents was in effect a protest against the recent desecration of the flag in many parts of the country, notably in New York city and Seattle, where it was torn down and spat on by malcontents.

"Judge Willis and Naturalization Examiner Frederick Jones made speeches declaring that citizenship imposed the obligation to owe allegiance to no other flag representing interests inimical to the constitution of the country. Both speakers were roundly cheered by the applicants for citizenship.

### To the Land Buyer

We have Potato, Alfalfa and Citrus Fruit Lands with cheap water in a gravity system which we can sell you as low as \$225.00 per acre, that for location, quality of soil, water conditions and price has no equal in all California.

Our land. It is all level. Under-ground cement pipes to each subdivision of 10 or 20 acres. You can go right on this land, turn on the water and plant a crop.

 Gas Stoves and Ranges...\$15.00 to \$30.00  
 Air Tight Stoves at...\$2.00 to \$10.00  
 Gas Hot Plates...\$3.50 to \$7.50  
 Radiators...\$3.00 up  
 Perfection Oil Heaters, two and three burner Blue Flame Oil Cook Stoves.  
**JOHN McFADDEN, 112-116 East Fifth Street**

"Examiner Jones says the display of the flag is an innovation designed to impress the new citizens. He recited a case in Seattle where one Peter Johnson was given papers and shortly thereafter participated in an I. W. W. demonstration and declared openly that the red flag was his only flag. His papers were cancelled. Jones' speech is the first of its kind here."

#### FRECKLES

New Drug That Quickly Removes These Homely Spots

There's no longer the slightest need of feeling ashamed of your freckles, as a new drug, othine—double strength has been discovered that positively removes these homely spots.

#### ESPEE TO INQUIRE INTO ACCIDENTS

SAN FRANCISCO, May 24.—Boards of Inquiry will hereafter be convened to ascertain the cause and fix the responsibility, where such immediate cause is not clearly manifest, for all accidents on the Southern Pacific, according to information made public in the general offices of the Southern Pacific here today. Full publicity as to the findings of such inquiry boards will also be given.

This is a new move on the part of the Southern Pacific and is in line with its policy of full publicity for accidents adopted several years ago. Following an accident that is not of minor consequence the ranking of officials on the division on which the accident occurs, shall convene the board, which board shall comprise two disinterested persons not connected with the railroad, and the division officers representing the operating, mechanical and engineering departments. The board must visit the scene of the accident and must take the testimony of employees and eye-witnesses, persisting in the investigation until the causes are determined. Should a division board of inquiry fail to reach a conclusion a second board comprising higher officials shall be convened and if the findings of the second board be not conclusive the general manager will convene a third board.

#### JUDGE LOVETT'S ELECTION GUESS

Says Ohio Leaves no Doubt as to Who Will Be Nominated by the Republicans  
 NEW YORK, May 24.—Judge Lovett, chairman of the Union and Southern Pacific Railroads, who has just returned from a trip across the country, said yesterday: "The crops are looking fine, particularly in the Southwest. People are hopeful and confident. As for the presidential nomination, it does not seem to me that the results in Ohio can leave any one in much doubt as to who is going to be nominated by the Republicans."

HANCOCK JOHNSTON  
 The famous Hambletonian stallion will make the season at 217 West Fifth street, Santa Ana.

### SIXTY WELLS ARE DRILLING

This Will be an Active Summer in the Fullerton Oil Fields

Los Angeles Times:—The outlook is splendid for an unusually active summer in the Fullerton oil field. There are about sixty wells drilling there now. Some new work has been planned by several companies, and a number of wells will be brought into the producing column soon.

Of the sixty wells quite a number are down close to the sands contemplated as productive. The Orange has a well that should be brought in within the next few weeks. There is a heavy gas pressure in its well No. 3, but the company is trying to hold it in control until the depth reached in the Menges or Birch well is reached. Then this well is expected to be a producer of light oil.

The Fullerton and Brea Canyon companies have wells drilled to considerable depths. The Brea Canyon has just brought in a 350-barrel well. The Fullerton is expected to bring in one within the next two months, or less.

During the summer the Standard, according to reports, will have at least two wells in the producing column in the Fullerton field. The Yriarte, wherein oil has been struck, has again been cemented, this time successfully, it is believed. It will be allowed to set for three weeks.

The Toler and Leffingwell each is down close to the oil sands and one of them, at least, should get a well this summer. The Stern and Good man well is about 3300 feet in depth and the prospects are good. As all these wells are in new territory, more importance attaches to them than to others, as to the results.

Over in the Murphy territory, the Murphy people have a promising well which should be completed within sixty days. The Standard, to the south, is down about 1300 feet in Emory well No. 1 and about 100 feet

### RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five. While our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
